**Singapore, 30 September 2015** Natural rubber supply chain manager Halcyon Agri Corporation Limited today announced that the Malaysian Rubber Board (Lembaga Getah Malaysia) (the “Malaysian Rubber Board”) has appointed its subsidiary, Hevea KB Sdn Bhd (“HKB”), to its Price Advisory Panel (the “Panel”).

HKB’s appointment to the Panel (rubber processors category) comes within a year of the commencement of commercial production at the 180,000 tonne per annum facility, located in Malaysia’s Perak State. Halcyon Agri’s distribution subsidiary, Centrotrade Commodities Malaysia Sdn. Bhd. is also on the Panel (dealer category), having been a member for more than 20 years.

The principal responsibility of the Panel is to provide a quotation of rubber prices to the Malaysian Rubber Exchange Unit to calculate and determine the official rubber prices which are published by the Malaysian Rubber Board twice daily. The official prices are a primary reference for traders in determining pricing for the sale and purchase of natural rubber in Malaysia.

Halcyon Agri Executive Chairman and CEO Robert Meyer commented: “As one of Malaysia’s key natural rubber producers, we are pleased that HKB has been invited to join the Malaysian Rubber Board’s Price Advisory Panel and look forward to providing whatever assistance we can to help them in establishing appropriate prices for Malaysian natural rubber”.
