Global Marketplace

China

# Halcyon Corporate Structure

\* Teck Bee Hang's shareholding is currently owned by HRP

# Halcyon Rubber & Plantations

- Under the **Centrotrade** franchise, HRP is well positioned to supply specialised latex and other rubber products to customers.
- Recent acquisition and revival of some of world's oldest rubber trading names in **Wurfbain**, **Corrie MacColl** and **Alan L Grant** allows us to further expand our distribution network through these regional champions.
- Processing is supported by Hevecam.
- Our NR plantation land in Cameroon is almost **112,000 hectares** (that is **1.5x** land size of Singapore!).

## Major Customers

# Halcyon Rubber Company

- **HEVEA Global** is well positioned to provide Technically Specified Rubber (TSR) from Indonesia and Africa to the Global Tyre Majors.
- Supported by production capacity of 19 factories in Indonesia and 2 factories in Ivory Coast.
- We are now the single largest SIR producer with 826,000 MT capacity.
- Setting the industry standard – **HEVEAPRO** framework represents our unwavering commitment to uphold the highest standard for quality, responsibility and sustainability in global rubber production.

## Major Customers

The logo for Bridgestone, featuring a stylized 'B' with a red and white design, followed by the word 'BRIDGESTONE' in bold black capital letters.The logo for Continental, with the word 'Continental' in orange and a circular emblem on the right containing a horse and rider.The logo for Cooper Tires, featuring a stylized blue and white 'C' emblem followed by the word 'COOPERTIRES' in blue capital letters.The logo for Goodyear, with the word 'GOODYEAR' in bold black capital letters and a stylized winged foot icon integrated into the 'Y'.

# SINRIO

- **New Continent Enterprises** spearheads our distribution into the PRC tyre manufacturers market.
- Backed by annual production capacity of 675,000 MT, NCE distributes **HEVEAPRO** quality TSR from Malaysia, Thailand and China.
- NCE also aims to serve as a partner for the PRC Tyre Majors, by providing end-to-end supply chain services for TSR products.

## Chinese arm of Global Tyre Majors:

## Chinese local trading companies/tyre manufacturers

  
中策橡胶  
**zc rubber**  
Hangzhou Zhongce Rubber Co., Ltd.

**CACHLAND**  
**TIRES**
